SUMMARY

I'm a CMS developer with 3 years of experience in WordPress and Shopify, focusing on content management, HTML/CSS, SEO, ecommerce, speed optimization, and responsive web design. I create engaging, modern, and high-performing websites that deliver professional and reliable results across all platforms.

WORK EXPERIENCE

IZ Global (Sr. WordPress Developer)

Oct 2024 - Continued

- Built pixel-perfect, responsive websites using Elementor Pro, ACF, and WooCommerce with custom UI, checkout flows, and multilingual support.
- Fixed high-impact bugs, improved performance, and enhanced security using caching and real-time monitoring tools.

Logic Squad (Sr. WordPress Developer)

Sep 2023 - Aug 2024

- Developed 20+ custom websites from scratch, optimizing speed and performance for superior user experience.
- Collaborated with designers and content writers to deliver cohesive, visually compelling projects.
- Contributed to a positive and collaborative team environment, ensuring effective project delivery.

GREY TECHNOLOGIES (WordPress Developer)

Mar 2023 - Aug 2023

- Developed and maintained 20+ WordPress websites for clients in industries such as e-commerce and digital marketing, resolving SEO issues and optimizing for speed, responsiveness, and user experience.
- Delivered customized solutions that improved search visibility, engagement, and conversions by addressing client-specific needs and enhancing overall website performance.

SOFTITLAND (WordPress Developer)

Aug 2022 - Jan 2023

- Developed and maintained 10+ WordPress websites across diverse industries, including e-commerce, healthcare, and automotive, delivering tailored solutions for each client.
- Enhanced website functionality by implementing custom plugins and integrations, while ensuring optimal performance and security through proactive updates and maintenance.
