SUMMARY

I am a WordPress & CMS Developer with 4+ years of professional experience specializing in custom WordPress development, dynamic website architecture, and high-performance website solutions. I have extensive expertise in building scalable and responsive websites using Advanced Custom Fields (ACF), Elementor Pro, WooCommerce, and custom WordPress functionality.

WORK EXPERIENCE

IZ Global (Sr. WordPress & E-commerce Developer)

Oct 2024 - Continued

- Develop custom WordPress websites using Elementor Pro, ACF, and WooCommerce with dynamic content structures.
- Build scalable layouts, custom UI components, and multilingual functionality.
- Improve website performance, security, and Core Web Vitals through advanced optimization.
- Resolve complex technical issues and enhance overall user experience.

Logic Squad (Sr. WordPress Developer)

Sep 2023 - Aug 2024

- Delivered custom WordPress solutions from design to deployment based on Figma layouts.
- Focused on responsive development, performance optimization, and clean implementation.
- Collaborated with designers and content teams to ensure consistent project delivery.

GREY TECHNOLOGIES (WordPress Developer)

Feb 2023 - Aug 2023

- Developed and maintained business and ecommerce WordPress websites.
- Optimized SEO structure, responsiveness, and site performance.
- Implemented customized features aligned with client requirements.

SOFTITLAND (Web Developer)

Aug 2022 - Jan 2023

- Built and maintained WordPress websites across multiple industries.
- Customized plugins and integrated third-party tools to extend functionality.
- Supported performance, security, and ongoing website maintenance.

EDUCATION

BS Software Engineering (Virtual University of Pakistan)

TECHNICAL SKILLS

Custom WordPress Development | Advanced Custom Fields (ACF) | Elementor Pro | WooCommerce | Shopify | Custom Post Types | HTML/CSS/PHP | Figma to WordPress | Speed Optimization | Technical SEO | Responsive Design | Multilingual Websites
